

SIGNAL EXPANSION FOR 88.5 FM

PROJECT COST = \$70,000

About two years ago, I was driving north on Route 31 for a movie premiere we were hosting in Kenton. As I passed through Mount Victory, I looked over to my left and saw something above the tree line that I had not seen

before...a new cell tower. I had previously done some research to see where our 88.5 antenna could be moved in order to maximize its power. I discovered that the antenna would need to be placed in an area west of Mount Victory. At the time of my research, no tower existed in this area. So when I looked over and saw this new tower, I knew right away that it was right where it needed to be to maximize the signal of 88.5.

Shortly after discovering the tower, I called Verizon to ask if they would rent space on the tower for our antenna. They said "no." I was disappointed, but then God made a way. Months later, I found out that American Tower Company (ATC) is now managing this tower. This was great news because the tower we currently use for our antenna is managed by ATC. We are now able to rent space.

On August 2, 2016, I filed an application with the FCC to move our antenna to this new tower location. This application usually takes 60-90 days to be approved by the FCC. It was approved in 16 days! Can you see God working all this out for His good?! Praise God for His favor!

I look forward to sharing more stories of God's faithfulness as He prepares to expand our reach in West Central Ohio. To God be the Glory!

Partnering Together,
Mark Boyer
Founder/Manager

"In the same way, let your light shine before men, that they may see your good deeds and praise your Father in heaven." Matthew 5:16

In 1996, while living in the Columbus area, God gave me a vision for a Christian radio station. In 2009, he led me to West Central Ohio to begin to accomplish this vision. In May 2012, the vision became a reality when Shine FM went on the air. Our mission is to create a radio station that reflects God's love by serving and supporting the community. For over four years now, we have been providing our listeners a place for encouragement and spiritual growth through great music and teaching. We pride ourselves on being an active member in our communities. We also host concerts each year because it is a great way to bring people together and see God work. Rock the Lake has become our largest annual concert. In 2016, over 11,000 people attended our concerts.

Here is what people are saying about Shine FM:

"I just have to tell you how much I am enjoying Shine FM in Kenton! This is definitely a lift for this community."

"I am so excited that I finally have a Christian station that I can listen to in my area! I have it on all day at the house and the kids love it!"

"Thank you for the Take 5 Challenge. It has encouraged me to restart my devotion time with five minutes a day."

"I have recently accepted Christ into my life. I love listening to your station. It is so uplifting and reassuring."

"Thank you for all you do for this community!! It is a huge blessing to me and my family!!"

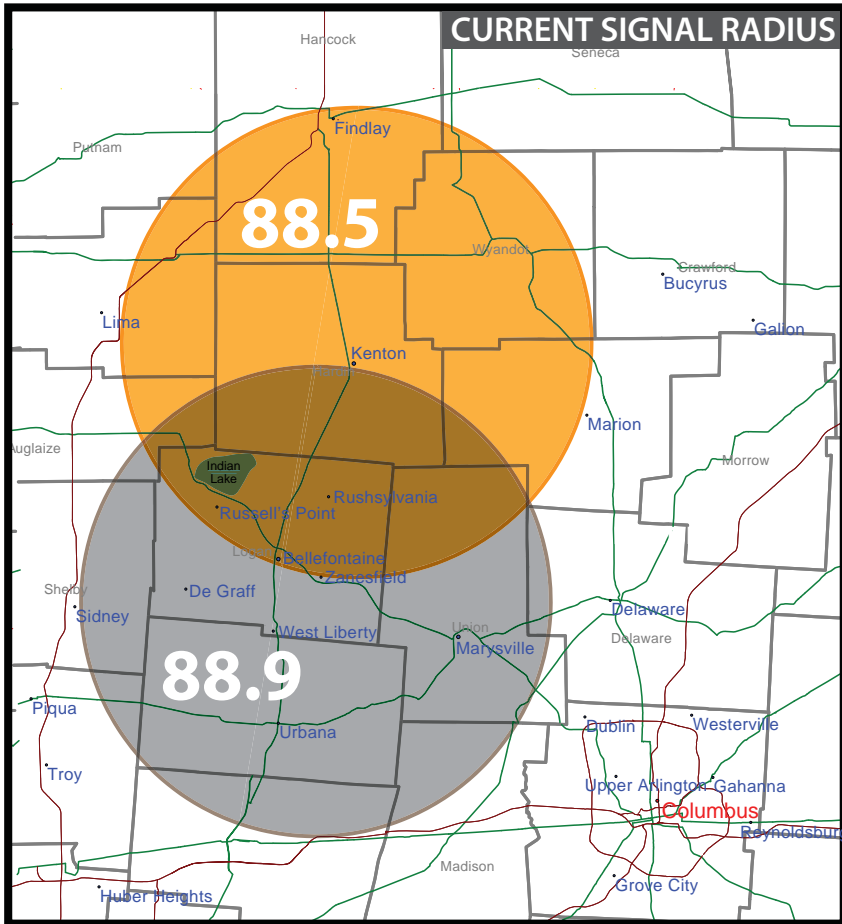

"I recently just started listening to your station after I was invited to Rock the Lake. It is changing my life. Thank you!"

"O, that you would bless [us] and enlarge our territory." I Chronicles 4:10

Each year we continue to see growth in the areas of listenership, financial contributions, audience interaction, and concert attendance. In 2016, we were blessed to move our office and studio to a bigger and more efficient space. Expanding our 88.5 signal will allow us to reach more territory, and solidify some areas where our signal is inconsistent.

*"Suppose one of you wants to build a tower. Won't you first sit down and estimate the cost to see if you have enough money to complete it?"
Luke 14:28*

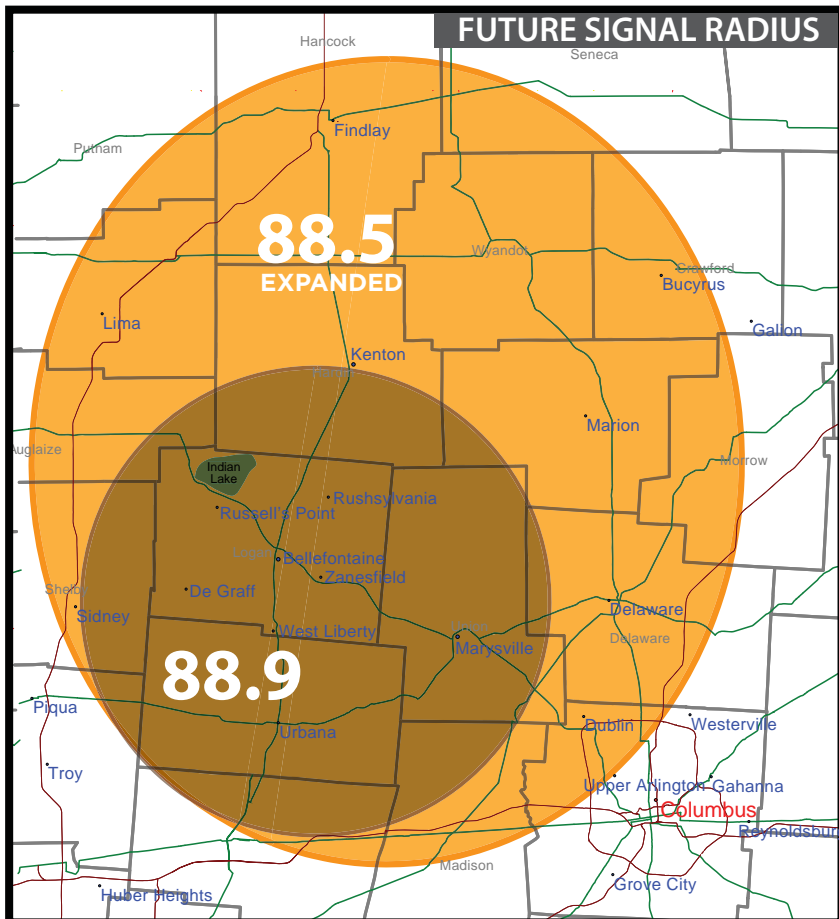

Our financial need to expand the signal is \$70,000. This will cover the costs of new equipment, labor, and fees. We will not begin work on the project until all the money is raised. Once the money is raised, it should take 45-60 days to complete the work. See the reverse side on how you can help make this vision a reality.

HOW CAN YOU HELP?

PRAY: As our team continues to accomplish God's mission for Shine FM, we appreciate your prayers to give us the strength and protection we need to do God's work. Please pray for God's favor and provision to complete this project in His perfect time.

GIVE: It is because of gifts from friends like you that we can continue to create a radio station that reflects God's love by serving and supporting the community. Your support of this project will invest in the future of Shine FM and allow us to expand our influence in West Central Ohio.
